

## SEVE Commercial Steam Iron

Using the simplicity of gravity feed to provide the pressure which creates its own very dry, voluminous steam, the SEVE Gravity Feed Iron easily opens seams, flattens darts, sets pleats instantly, gives sharper creases and more

- 1200 watt
- 12 Month Guarantee\*

Teflon Shoe

Iron base with Teflon Shoe

The Magic Teflon Shoe provides a pressing surface so super slick, that your irons will never again scorch or stick to even the most delicate or difficult-to-press fabrics.

It prevents "shine" on garments e.g. trousers.

**Never iron without a Teflon shoe.**

\*12 Month guarantee on electrical and mechanical components, excluding labour, travelling and freight costs. Excluding wearing parts and consumables.
