

Electric, Gas and Steam Heated Dryers

The SEVE range of tumble dryers is available with electric, steam or gas heating. SEVE dryers are available with fully automatic micro computer A-models, or semi-automatic timer control B-models.

They are very heavily constructed with stainless steel inner drums, have wide, easy to load/ unload doors and are energy efficient. All models are fitted with automatically reversing drums.

Features:

- A-models are fully computer controlled.
- B-models offer timer-operated controls.
- All models feature a reversing drum action, which prevents tangling of large items to allow equal drying and reduce the wear on fabrics.
- All models have stainless steel drums.
- Heavy duty industrial construction.
- Large, easy loading doors.
- Large, easy to clean lint compartment.

SEVE Tumble Dryer Models

	Unit	D150	D125	D100	D80
Rated Load	kg	150	125	100	80
