

Blanca Press Professional...

...professional heavy-duty ironing press.

The Blanca Press heavy-duty professional ironing press is imported exclusively to South Africa by SA Cleaning Equipment. The Blanca Press fills the gap between smaller domestic presses and expensive, large heavy-duty equipment. It is ideal for commercial users such as guesthouses, small hotels, restaurants, residential and nursing homes, small laundries, dry cleaners, ironing services, textile manufacturers and associated industries.

Unlike domestic presses the Blanca Press will stand up to continuous daily use. It's a commercial press with rugged construction and has proved it to be very reliable.
